Tealia

*A ballet by John McFall
featuring Betsy Erickson and Vane Vest
of the San Francisco Ballet*

Produced by Ellen Kутten
Directed by George Csicsery

Zala Films announces this new DVD edition of the 1977 film *Tealia*. Inspired by the undulations of sea anemones, *Tealia* was originally choreographed by John McFall for the San Francisco Ballet. A sensuously sculpted pas de deux, *Tealia* is set to the *Neptune* suite from Gustav Holst's *The Planets*.

"My interest was to convey a rather mystical dimension, using underwater images to help achieve it," said McFall.

Dance Magazine found the dance "languidly exotic . . . this fluidly mysterious ballet presents lineal patterns of great beauty."
